Parken Solutions, Jaipur — *Internship*

September 2020 - July 2021

Data Science, Flask Framework, OpenCV, Machine Learning

EDUCATION

Jawahar Navodaya Vidyalaya, Gautam Buddh Nagar

August 2013 - August 2017

PCM in Higher Education.

Rajasthan Institute of Engineering and Technology,

Bhankrota, Jaipur — *Bachelor of Technology*

August 2018 - August 2022

Computer Science and Engineering.

PROJECTS

Home Automation — *3 Weeks*

Made an IOT Home Automation project to Turn LED Switch ON or OFF from anywhere Worldwide and reflect those changes on Website made with Flask Framework

IOT Car Parking System — *2 Weeks*

Our Team went to Poornima College for a Hackathon where we presented our idea of how effectively we can park our cars in parking slots near malls or large areas resulting in easy to search slots.

Realtime empty slots are detected using IR Sensor and this data is sent to firebase then fetched to the website made with flask framework and deployed to Heroku.

SKILLS

Software development

Data analysis

Flask Framework

Firebase

AWARDS

Awards of excellence in Hackathon voluntary activity

Best performer award
